Report of Board of Education.

The first term the teachers, with three exceptions, were natives of the town, receiving their early education in our schools and finishing in the Newburyport high. The last term there was but one exception.

Mumps and whooping cough have been epidemic, interfering with the attendance and study. The teachers have been constant in their efforts, and the examinations showed excellent progress. There have been but few cases of disciplining, the teachers having to a remarkable degree the respect, confidence and good will of the scholars.

Generally the parents have made earnest efforts to send their children constantly. Those who have been remiss have been visited by Truant Officer Calvin Eaton, and urged to give their children an opportunity for an education.

If at the coming annual meeting action can be taken on section 6, chapter 93, of the school laws, great good will result. The section is as follows: "Districts may make by-laws not repugnant to law, concerning habitual truants and children between the ages of six and sixteen years, not attending school, and not having a regular and lawful occupation, and to compel the attendance of such children at school, and may annex pen-

alties for the breach thereof, not exceeding ten dollars for each offense."

The April enrollment of children between four and sixteen, in the different districts, is as follows: No. 1, 13; No. 2, 62; No. 3, 46; No. 4, 53; No. 5, 90; No. 6, 31. Total, 295.
